

## **NOTICE OF VACANCY**

The Food and Drugs Authority invites applications from Pathologists to join the Technical Advisory Committee on Safety of Medicines.

### **Responsibilities:**

1. Evaluation of pre- and post-approval product safety, quality, efficacy and effectiveness issues. Such evaluation will be based on the information provided to the Committees by the Authority and should be relevant to the risk-benefit implications for the use of the product in question.
2. Upon request, the Committees will make recommendations to the Governing Board regarding actions the Authority may take to resolve issues or concerns related to pre- and post-approval product safety, quality, efficacy or effectiveness issues.
3. Assist the appropriate Division of the Authority in the conduct of causality assessment of Adverse Drug Reactions.
4. Assess product complaints with respect to suspected therapeutic failures and make recommendations regarding actions to be taken by the Authority.
5. Regularly review and advise the Authority on its safety monitoring system and make recommendations regarding its maintenance and improvement.
6. Make recommendations for publication of case reports, risk-benefit evaluations, recommendations and communications arising from meetings of the Committee that are deemed appropriate for medical and scientific journals.
7. Make recommendations for educational programs and topics for health care professionals and consumers aimed at enhancing reporting ADRs and also enhancing professional and consumer awareness of post-approval drug safety, quality, efficacy and effectiveness issues.
8. Advise on guidelines for post-approval safety monitoring of drugs (including herbal medicines), medical devices and other health products.

### **Mode of application**

Interested applicants should submit their updated CVs (hard copy) to the Chief Executive Officer of the Food and Drugs Authority, (Location address: GPS CODE: GA-237-7316) by 30th April, 2021

### **NOTE:**

- Applicant must have a minimum of five (5) years working experience in the field of specialised expertise.
- At least two publications in peer reviewed Journal in the field of expertise will be an advantage.
